Dear parents and caregivers,

After saying goodbye to Nayomi at the end of last term we welcome Lani to the Preschool team. She will be with us for all Pre-school sessions this term. Thank you to Lani for the lovely fruit and snacks for the children, and also the vacuum cleaner to keep our centre beautiful.

It has been wonderful to see all of our older children transitioning into school. This is happening each Monday, please make sure your children are here on time. They have been coming back so happy and excited from their visits.

It has been fantastic to see so many new faces at our Pre-entry sessions. Parents are more than welcome to stay with their children as long as you need.

Please check your children’s jumpers to see if they have accidentally taken someone else’s home. We have a missing jumper that has a name on the tag.

As the weather is warming up we are having water play. Please pack a spare change of clothes for your child. Children should be dressed in their school shirt but if they are unable to please make sure that their shoulders are covered. It is not safe in the sun with tank tops on.

If you have changed your contact details or address please let us know as we are updating all children’s information ready for the new year.

Here we are making Ladybirds in Mrs Jones’s Class.
