Dear Parents/Caregivers,

We have had a wonderful start to term 4. During week 2 the transition children had their first visit to school, overall this was a successful morning and they are all looking forward to their next visit in week 4.

During this year the Preschool children have had a wonderful time looking after the fish, Slippery and Kindy. As the year draws to an end it is now time to find the fish a new home. If anyone is interested in having 2 well loved goldfish please come and see Lisa. They do not eat much food so we have some left to go with them to their new home.

Just a reminder that due to the warm weather we ask that students are dressed in school uniform. We know this is not always possible but on those days please remember to dress children in a top with sleeves so they can still play outside.

Pre-entry starts this week and we are looking forward to meeting all the children who will be starting Preschool next year. Pre-entry will be run over the next 4 Fridays and parents are welcome to stay as long as they would like during these sessions.

The children moving off to school next year will be graduating on week 6 Wednesday (18th November). Due to this the Wednesday morning session will only be for all the children who are moving off to school next year. We ask for your support with this day as we will have 30 children who are graduating Preschool. More information will come out soon.

If you have any concerns or issues please don’t hesitate to ask me, I am more than willing to have a chat with you about how your child is progressing, any concerns about starting school or next year.

Thank you,
Lisa Vermeeren
